

# Gym barabar gym

**O**kay, **Rapchik Rajni** has just sauntered in, declaring that she has some *khabar* on **Salman Khan**.

I'm told he's acquired a couple of pet dogs and has put them up in his in-house gym, along with **Myjaan**, his own bull mastiff, which hasn't been keeping too well of late.

And Sallu has shifted his *kasrat-baazi* sessions to Gold Gym in Pali Naka, a few minutes drive from his Bandstand pad.

So every evening, Sallu cycles his way to the gym with his *gaadi* following close behind. And after he's done with his workout, he drives back home, with the cycle folded and loaded inside his car.

My *khabru* also informs me that when **Katrina Kaif** is in town, sometimes she also accompanies Sallu to the gym. But these days, she's holidaying in Italy with her family.

Maybe, after her return she'll be back to gymming with Sallu. *Chalo, badhiya hai.*
